

## Faith Outreach Intern

The Faith Outreach Internship is intended for current students with an interest in climate action, coalition building and faith outreach within Mennonite Church USA. The intern will support the work of both the [Center for Sustainable Climate Solutions](#) and [Mennonite Creation Care Network](#), dividing the time equally between them. The overall goal is to build relationships that enable effective action in response to climate change. Communications, networking and administrative tasks will make up the bulk of the work day. The internship is for three months, 30 hours per week.
